Effective January 1, 2003
State Law Prohibits Residential Trash Burning
A Public Health Risk - RSA 125-N
Breathing Problems
Toxic Smoke
Odors
Fire Hazard
Residential trash burning releases toxic air pollutants that put you, your children, and your neighbors at risk.
Contact your town office to find out about recycling and proper solid waste management.
For more information, contact the N.H. Department of Environmental Services, Air Resources Division at 800-498-6868 or www.des.state.nh.us/ard
