

# N.H. PETROLEUM REIMBURSEMENT FUND PROGRAM UNIT-BASED COSTS:

## POINT-OF-ENTRY SYSTEMS & BOTTLED WATER

Oil Fund Disbursement Board

Point-of-Entry (POE) Treatment - Effective Jan. 1, 2023	Unit	Not-to-Exceed ("NTE") Rate
Site evaluation	Each	\$470.25
Site installations		\$428.75
Furnish and install backwashing filter		\$2,222.50
Service/maintain backwashing filter		\$154.75
Furnish and install water softener (0 to 3 mg/L iron)		\$2,401.25
Furnish and install water softener (3 to 10 mg/L iron)		\$2,853.00
Service/maintain water softener and brine tank		\$187.25
Furnish and install residential aerator		\$6,603.75
Service/maintain residential aerator		\$211.00
Furnish and install air injection unit		\$2,625.00
Service/maintain air injection unit		\$222.25
Furnish and install granular activated carbon contactor - 2 CF		\$1,771.25
Furnish and install granular activated carbon contactor - 3 CF		\$2,410.00
Furnish and install granular activated carbon contactor - 4 CF		\$3,107.50
Service/maintain carbon contactor, no re-bed		\$113.50
Furnish and install UV sterilizer		\$1,915.00
Service and replace UV lamp in UV sterilizer		\$360.00
Furnish and install water meter		\$437.50
POE maintenance coordination and site visits		\$136.00
Service and replace air stripper pump		\$1,638.33
Service and re-bed, and dispose used carbon	Cubic Foot	\$663.75
Service, remove and dispose of used carbon, no re-bed		\$273.75
Service and bed carbon contactors		\$331.00
Furnish and install 2 X 10, 5 micron cartridge filter assembly	Each	\$230.75
Provide 2 X 10, 5.0 micron cartridge filter		\$9.50
Furnish and install 4 X 10, 5 micron cartridge filter assembly		\$411.25
Provide 4 X 10, 5.0 micron cartridge filter		\$29.25
Furnish and install 4 X 20, 5 micron cartridge filter assembly		\$717.00
Provide 4 X 20, 5.0 micron cartridge filter		\$58.25
Service any size cartridge filter		\$121.00
Service/maintain calcite neutralizer		\$206.00

POE Treatment - (continued)	Unit	Not-to-Exceed ("NTE") Rate
Water sampling without POE system maintenance, including 1-3 samples	Each	\$278.75
Water sampling during POE system maintenance, including 1-3 samples		\$172.50
Remove, clean, sanitize POE component; replumb water supply to original configuration, as appropriate		\$365.00
Transport and dispose POE components		\$102.50
Technician labor - blended rate (including clerical, treatment, project manager, principal)	Hour	\$118.75
Additional materials and supplies	Various	Market Retail Cost
<b>Bottled-water - Effective January 2023</b>	<b>Unit</b>	<b>Not-to-Exceed ("NTE") Rate</b>
Bottled Spring Water	Gallon	Cost + 10%
