DES Wants to Know About Your Earth Day Events *DES Webpage Provides List of Earth Day Events*

Concord, NH - The New Hampshire Department of Environmental Services (DES) has created an Earth Day webpage to serve as a clearinghouse of information regarding Earth Day events in New Hampshire. Earth Day, which falls on April 22 every year, is about one month away.

DES is requesting organizations, businesses, and individuals that are organizing Earth Day or Earth Day-related events to submit them at the DES Earth Day website:
des.nh.gov/earth_day/index.html.

When submitting event information, please make sure to include all pertinent details: date(s), time(s), location, sponsor, brief description of the event, and a contact person with phone number and/or email address. Join our growing list of events!

The webpage also serves to educate and inform the public to Earth Day activities going-on in their area of the state, and with information on how they can participate. For more information regarding the website or Earth Day activities, please call Jim Martin at (603) 271-3710.
