

IMPORTANT NOTICE RE: RSA 482-A APPEALS

Any person who wishes to challenge a wetlands permitting decision made **on or after August 3, 2013** must **file an appeal directly with the Wetlands Council** within 30 days of the date of the decision.

RSA 482-A:10, I, has been amended* to eliminate the requirement to request reconsideration of a wetlands permitting decision prior to filing an appeal with the Wetlands Council. This change aligns the process for appealing wetlands permitting decisions with the existing processes for most other DES permit programs.
