Fiscal Impact Statement for Department of Environmental Services rules governing Filtration, Disinfection, and Waste Recycling. [Env-Dw 716]

1. Comparison of the costs of the proposed rule(s) to the existing rule(s):

Not applicable, these are new rules.

2. Cite the Federal mandate. Identify the impact on state funds:

The proposed rules are required under the federal Safe Drinking Water Act and federal Surface Water Treatment rule and related rules in order for the state to maintain primacy. Without the proposed rule the state could lose up to \$8 million in federal grant funding.

3. Cost and benefits of the proposed rule(s):

A. To State general or State special funds:

None.

B. To State citizens and political subdivisions:

To the extent a political subdivision owns a public water system they may incur costs associated with complying with the federal requirements. No cost to state citizens.

C. To independently owned businesses:

To the extent an independently owned business owns a public water system they may incur costs associated with complying with the federal requirements.
