

*Amend Env-Wq 1803.02, eff. 11-26-08 (doc. #9330), by inserting a new paragraph (i) and renumbering existing paragraph (i) as paragraph (j), so that Env-Wq 1803.02(i) reads as follows:*

(i) For a tidal river or tidal river segment, the downstream extent of the nominated segment;  
and

*Amend Env-Wq 1804.01, eff. 11-26-08 (doc. #9330), by inserting paragraph (f) to read as follows:*

(f) For a tidal river segment, the recommendation of the Piscataqua Region Estuaries Partnership and NH fish and game department relative to the downstream extent of nominated segment.

*Amend Env-Wq 1805.05(b), eff. 11-26-08 (doc. #9330), to read as follows:*

(b) For a fishery, a maximum of 30 points shall be awarded if the river has a high quality fishery, as determined by the NH fish and game department, according to the following schedule:

- (1) If a stream or river contains suitable habitat for coldwater, warmwater, and saltwater fish species, it shall receive 30 points;
- (2) If a stream or river contains suitable habitat for any two of coldwater, warmwater, or saltwater fish species, it shall receive 20 points; and
- (3) If a stream or river contains suitable habitat for any one of coldwater, warmwater, or saltwater fish species, it shall receive 10 points.
