Nuisance Exotic Aquatic Plants

Current Locations

As of Fall 1998, exotic aquatic plants can be found in thirty-six New Hampshire waterbodies. Boaters should know these locations so that they will be extra careful not to transport any plant fragment to other waterbodies through their boating activities. **Listed below, by plant type, are current exotic aquatic plant sites in New Hampshire.**

Milfoil Locations

Waterbody	Town		Waterbody	Town
Ashuelot River	Rindge		Monomonac Lake	Rindge
