

The Brownfields Public Reporting/CERCLA128(a) Grant Reporting

The Brownfields Public Reporting/CERCLA128(a) Grant Reporting is compiled, maintained, and made available to the public as a requirement of DES's State Response Program Grant, an annual US Environmental Protection Agency grant provided to DES to establish and enhance its state response program for addressing contaminated properties. The following summaries are attached:

- Summary of sites closed
- Summary of sites where remedial actions were conducted
- Summary of sites with remedial actions pending.
