

MtBE Remediation Bureau Private Well Sampling

603-271-7174

- Sampling District
- Political_Boundary

- Sites of Interest**
- + Underground Storage Tanks
 - + Contaminated Sites
 - + Gasoline Related Csite
 - + Auto Salvage Yard

- Public Water Supplies**
- Community System
 - ⊕ NonTransient System
 - ⊗ Transient System
 - Water Distribution

- Hydrography**
- Stream/River
 - + Swamp/Marsh
 - Open Water

The proposed sampling district was conservatively developed to encompass an area potentially vulnerable to MtBE contamination. No inferences should be drawn on the presence or absence of contamination from this map. Testing of well water is the only way to determine drinking water quality.
