Re: Hebron-Bridgewater Processing Facility Application

February 11, 2010

Hi Tom,

I've enclosed the revised Operating Plan with the changes suggested in our meeting.

I've also enclosed a waiver request to allow us to continue to store putrescible material prior to incineration.

Please review and advise of any other changes needed and/or the next step in the approval process..

Thank you for your help,

Henry Woolner, Commissioner  
Hebron-Bridgewater Refuse District  
297 Mayhew Turnpike  
Bridgewater, New Hampshire 03222
