SECTION III. SPECIFIC RULE(S) FOR WHICH A WAIVER IS SOUGHT

Below, identify the specific solid waste rule(s) that you wish to have waived. Give the complete "Env-Sw" citation(s).

Env-Sw 405.03(d) *Putrescible wastes shall be transferred from the facility before producing a noticeable odor or within one week of its receipt by the facility, whichever is earlier.*

SECTION IV. NOTICE OF FILING REQUIREMENTS

- (1) If this application for waiver relates to a particular facility, you must send by certified mail, or deliver in hand, a complete copy of this application and a "notice of filing" to the host municipality, host solid waste management district and other affected entities, as specified by Env-Sw 303. To identify the host solid waste management district, contact the host town/city office or the P&DRS at (603) 271-2925.
- (2) In addition, if this application for waiver is to reduce the required setback distance to any residence or property line, a notice of filing must be provided to the affected property owner(s) as specified in Env-Sw 303.
- (3) A copy of the required notice(s) of filing and proof of receipt [i.e., signature(s) of the recipient(s) acknowledging receipt] must be attached to and submitted with this application for waiver, unless you are combining the notice of filing with the notice requirements for a related permit application as indicated by item (4) below.
- (4) If this application for waiver is being submitted as part of an application for a facility permit or permit modification, the required notice(s) of filing may be combined with the notice(s) of filing prepared for the permit application/permit modification application itself. If so, check here:
- (5) For assistance with preparing the required notice of filing, please refer to either Env-Sw 303 or "A Guide for Preparing Notices of Filing." If the guide is not included with this application form, you may obtain a copy from the P&DRS at (603) 271-2925.

SECTION V. REASON FOR REQUESTING WAIVER

Explain why a waiver is being requested, including an explanation of the hardship that would be caused by having to comply with the rule. Use extra paper as necessary.

Compliance with the requirement will provide no benefit to the public and will cause economic hardship to the applicant since it would force inefficient, more costly burns.

SECTION VI. PROPOSED ALTERNATE PROCEDURE, METHOD OR ACTIVITY

Provide a full explanation of any alternate procedure, method, or other activity that you propose to substitute for the procedure, method or activity you wish to have waived. Include written documentation and/or data to support the proposed alternative. Use extra paper as necessary.

This material to be burned is stored in an enclosed container for varying periods, until there is sufficient for efficient burns in the incinerator. In summer months the period could be less than a week, whereas in winter months the period could stretch to 4 weeks, since the population of the community is seasonal and there is less use of the facility in those months. There is no noticeable odor from this storage. This procedure has been in place for several years with no adverse affects

SECTION VII. DURATION OF WAIVER

Specify the proposed duration for the requested waiver. If you are seeking a "permanent" waiver, including one that would expire when the facility to which it relates may close, so state and provide the desired starting date.

Proposed effective/starting date 09/11/2008

Proposed expiration date: _____ OR x I am seeking a "permanent" waiver

SECTION VIII. DEMONSTRATION OF CRITERIA

Provide a full explanation of why you believe that having the waiver granted will meet the below listed criteria. [Note: Economic, technological, practical application and safety issues shall be considered in evaluating a demonstration of the criteria; however, the merits of the application shall not be weighed solely on the basis of cost].

Criteria for Waiver, pursuant to Env-Sw 202.04:

- (a) Exemption from complying with the rule shall:
 - 1. Not result in an adverse effect to the environment or natural resources of the state, public health or to public safety.
 - 2. Not result in an impact on abutting properties that is more significant than that which would result from complying with the rule.
 - 3. Be in keeping with the intent and purpose of the rule being waived.
- (b) One or more of the following conditions shall be satisfied:
 - 1. Strict compliance with the rule will result in an adverse effect on the environment, public health or safety; AND/OR
 - 2. Strict compliance with the rule will result in a circumvention of the goals and objectives of the state's solid waste management program, as specified in RSA 149-M:1 through 3 and the state solid waste management plan; AND/OR
 - 3. Strict compliance with the standard will provide no benefit to the public and will cause an operational or economic hardship to the applicant.

Use the space below to provide your demonstration. Use extra paper as necessary.

1. Exemption from the rule is necessary to allow efficient and more environmentally friendly operation of the incinerator.
2. Exemption from the rule will not result in adverse affects on the environment, public health, or public safety.
3. Exemption from the rule will not result in an impact on abutting properties
4. Compliance with the requirement will provide no benefit to the public and will cause economic hardship to the applicant since it would force inefficient, more costly burns.
5. The rule appears to be primarily intended for C/S/T facilities using open containers storing material for transport, rather than an incinerator using a closed container to temporarily store material to be burned.

SECTION IX. CERTIFICATION OF COMPLIANCE/COMPLIANCE REPORT

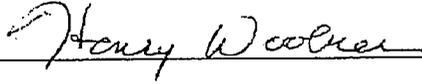

If you are able to certify that each of the following statements is true, do so by your signature. If you are unable to certify that each of the following statements is true, you must prepare a separate Compliance Report as specified by Env-Sw 303.15.
