SUBJECT: LACONIA- Laconia Disposal Gardens Landfill, Route 11B, Laconia
Type I-B Permit Modification Application, DES Site # 19870902, Ref.: WMD Doc log # 16131

Dear Mr. Moynihan:

The New Hampshire Department of Environmental Services, Waste Management Division (Department) has completed its review of the Laconia Disposal Gardens Landfill's above-referenced application for a Type IB Permit Modification and has the following comments:

Post-Closure Maintenance and Monitoring Plan

1. Please submit the current Post-Closure Maintenance and Monitoring Plan.
2. Please submit a summary of landfill gas data and a site plan showing the locations of the landfill gas monitoring.
3. The \$100 permit modification fee was missing from the submittal. Please explain.

Please address the above comments and submit one copy of the revised application in loose-leaf notebooks at your earliest convenience. Continued review of your applications will commence upon receipt of this information.

Note that in accordance with the provisions of Env-Sw 304.05(d) of the Rules, an incomplete application that becomes a dormant application shall be deemed denied. As defined by Env-Sw 102.54 of the Rules, a dormant application is one that the applicant fails to complete within 12 months of the date the application is deemed to be incomplete by the Department. If you have any questions, please contact me.

Sincerely,

Paul Gildersleeve, P.E., Solid Waste Management Bureau
