Response to NHDES Comments dated July 18, 2014
CMA #833-A**

Dear Mr. Gildersleeve:

On behalf of North Country Environmental Services, Inc. (NCES), CMA Engineers has enclosed replacement page 7 to the Facility Operating Plan, uploaded to the NHDES Onestop database on August 1, 2014. This replacement page revises Section 2.1 of the Operating Plan to remove Asphalt Emulsion Treated Petroleum Contaminated Soils (NHDES Approved 1/20/05) from the list of “Other NHDES-Approved Alternative Daily Cover.” The modification is made because MTS Environmental Services no longer produces this material.

Should you have any questions, please do not hesitate to call.

Very truly yours,
CMA ENGINEERS, INC.

Robert J. Grillo, P.E.
Project Manager
