Type I-B Permit Modification Application to revise Post-Closure Monitoring and
Maintenance Plan, Permit # DES-SW-TP-97-030, prepared by CMA Engineers, Inc.;
Ref.: WMD Log # 15406

Dear Mr. Sterndale:

The New Hampshire Department of Environmental Services, Waste Management Division (Department) has completed its review of the above-cited application to modify permit # DES-SW-TP-97-030 to approve the reduction in post-closure monitoring and maintenance reporting from annually to biennially and has determined that the application is incomplete.

Pursuant to Env-Sw 807.05(i), the Town is required to submit an annual report with the Department. In order to proceed with our review, a waiver application must be submitted to the Department for review and approval. A copy of the waiver application is available on the DES website at <http://des.nh.gov/organization/divisions/waste/swmb/pdrs/categories/forms.htm>.

If you have any questions or comments, please contact me.
