Permit by Notification For Scrap Metal Collection and Recycling Centers

pursuant to
 RSA 149-M and New Hampshire Solid Waste Administrative Rules Env-Sw 311 & Env-Sw 407.04

FOR DES OFFICE USE ONLY DO NOT WRITE IN THIS SHADED BOX

The requested permit is hereby granted and assigned permit number DES-SW-PN-_____ -_____.

This completed form, bearing a DES dated receipt stamp and signature, shall serve as the permit for this facility. The approval applies only to constructing and operating the facility as described herein on this completed form, subject to all applicable statutes and rules, including RSA 149-M and the New Hampshire Solid Waste Rules, as amended. This permit shall expire one year from the date of signature, below, if facility construction has not commenced. This permit is non-transferable. Issuance of this permit is based solely on representations by the applicant/permittee. No liability is incurred by the state of New Hampshire by reason of this approval. This permit shall not be construed in any way as (1) an authorization of any activity which occurred prior to the effective date of the Permit; (2) an authorization of any activity that does not comply with the terms of the permit; or (3) a waiver of any cause of action for violation(s) of RSA 149-M or of rules in effect when the violation(s) occurred. This approval shall not affect the permittee's obligation to obtain all requisite federal, state, district or local approvals and to comply with all other applicable statutes and rules

 Michael J. Wimsatt, P.G., Director, WMD

 Date

The Department is unable to process your application due to:

- incomplete, conflicting or ambiguous information, as indicated by highlighting
- insufficient copies
- no signature or failure to provide original signatures on all copies filed
- other (specify): _____

SECTION I. FACILITY IDENTIFICATION

The information provided below shall constitute the approved facility location, if a permit is issued based on this application.

(1)	Facility name: Ricker Auto Salvage
(2)	Facility location, by street address and municipality: 112 Maple Rd., Tamworth
(3)	Facility mailing address: 112 Maple Rd., Tamworth, NH 03886
(4)	Facility status (Check which ONE of the following applies):
	<input type="checkbox"/> Proposed Facility (i.e., a facility not yet constructed or operating)
	<input checked="" type="checkbox"/> Unauthorized Facility (i.e., an existing facility without a permit) that DES has instructed to apply for this permit. (Attach a copy of the DES document that specifically instructs you to file this application).
	Note: An unauthorized facility must comply with all requirements applicable to a PROPOSED facility. Complete the remainder of this form on that basis.
	<input type="checkbox"/> Existing Facility holding Temporary Permit #DES-SW-TP-_____ - _____ (fill in permit #)
	<input type="checkbox"/> None of the above. (If "one of the above" DO NOT CONTINUE. A permit-by-notification can only be issued to a facility, which is one of the above. Contact the DES Solid Waste Compliance Bureau at (603) 271-2925 for further assistance).

(5)	Local tax map and lot numbers: Map 215, Lot 36
(6)	Deed reference by county, volume and page numbers: Carroll County Registry of Deeds Book 1357, Page 0886
(7)	Latitude and longitude of a known fixed point on the site: 43.85255 71.209467 (decimal degrees)
(8)	Written directions from a known point of reference in the vicinity of the facility site: Approximately 1.6 miles north of the intersection of Routes 25 and 16 turn left onto Maple Road. Facility is located approximately 0.1 miles on the left at the intersection of Turkey Street and Maple Road.
(9)	Plot the facility site on a United States Geological Survey (USGS) topographic map, or copy thereof, prepared at a scale of 1:24,000 or 1:25,000. Mark and submit as "Attachment I(9)."

SECTION II. FACILITY OWNER/OPERATOR IDENTIFICATION

If a permit is issued, the information provided below shall constitute the identity of the permittee. The permittee and the facility owner shall be one in the same. Further, the permittee/facility owner shall be in responsible charge of facility operations, closure, and post closure monitoring and maintenance.

(1)	Applicant/owner/operator name: George Ricker		
(2)	Applicant/owner/operator mailing address: 112 Maple Rd., Tamworth, NH 03886		
(3)	Applicant/owner/operator telephone number: 603-323-7363	(3a)	E-mail: ARMetals22@gmail.com
(4)	If different than above, identify the individual associated with and designated by the applicant/owner/operator to be the contact individual for matters concerning this facility:		
	(a) Name:	(b)	Title:
	(c) Mailing address:		
	(d) Telephone number:	(e)	E-mail:
(5)	If the facility applicant/owner/operator is an individual, provide date of birth and go to Section III: 3/1/61		
(6)	If the facility applicant/owner/operator is a corporation, partnership or other association, provide all of the following information as specified:		
	(a) The facility is owned by a: <input type="checkbox"/> corporation <input type="checkbox"/> partnership <input type="checkbox"/> other association		
	(b) State of incorporation/formation		
	(c) Principal business address:		
	(d) Provide, on separate paper and attach/mark as "Attachment II(6)(d)," the names and addresses of all directors, officers and shareholders (*), if for a corporation; all partners (whether general or limited), if for a partnership; or all principals, members or participants, if for another type of association.		
	(*) For a privately held corporation, identify all shareholders. For a publicly traded corporation, identify all shareholders owning 10% or more of the corporation's equity or debt.		

SECTION III. FACILITY LIFE

Identify, by answering questions (1)-(3) below, the anticipated life expectancy of the facility. A permit-by-notification is issued for one of two operating scenarios: either for operating 90 days or less or operating longer than 90 days. If operated longer than 90 days, the facility must meet certain long-term operating obligations, as specified in Env-Sw 1100, including operator certification requirements pursuant to Env-Sw 1600 and annual reporting requirements.

For a facility having an active life of 90 days or less, the dates provided below shall constitute the approved active life of the facility, if a permit is issued (i.e., the facility shall not be authorized to operate outside these dates).

For a facility having an active life longer than 90 days, the future dates specified below shall be target dates only. The actual dates for commencing construction, operation and closure shall be provided by the permittee (following permit issuance) by filing a "Notice of Intent to Construct" pursuant to Env-Sw 1104, a "Notice of Intent to Operate" pursuant to Env-Sw 1105, and a "Notice of Intent to Close" pursuant to Env-Sw 1106. "Notice of Intent" forms may be obtained from the P&DRS at (603) 271-2925.

(1)	For a proposed facility, date facility construction is scheduled to commence: OR For an existing temporary permit or unauthorized facility, date facility construction first commenced: 1974		
(2)	For a proposed facility, date facility operations are scheduled to commence: OR For an existing temporary permit or unauthorized facility, date facility operations first commenced: 1974		
(3)	Total life expectancy of facility (check one only):		
	<input type="checkbox"/> 90 days or less (specify date by which the facility shall cease receiving waste):		
	<input checked="" type="checkbox"/> Longer than 90 days (answer (a) or (b) below as applicable):		
	(a)	If date of facility closure is known, so indicate: OR	
	(b)	If date of facility closure is unknown, specify total years the facility will most likely operate: approx. 50 years.	

SECTION IV. FACILITY OPERATIONS

Complete this section to generally describe facility operations.

(1)	Type of processed scrap metal material your facility will receive (check all that apply):			
	<input checked="" type="checkbox"/>	Ferrous Metal		
	<input checked="" type="checkbox"/>	Non-Ferrous Metal		
	<input checked="" type="checkbox"/>	Copper	<input checked="" type="checkbox"/>	Aluminum
	<input checked="" type="checkbox"/>	Brass	<input type="checkbox"/>	Other (specify):
(2)	Identify key types of waste items the facility intends to receive:			
	<input checked="" type="checkbox"/>	Washers, dryers, refrigerators, and other appliances/white goods		
	<input checked="" type="checkbox"/>	Pipes and fittings		
	<input checked="" type="checkbox"/>	Empty storage tanks, drums and other containers that have been cleaned of residues in accordance with state and federal rules and regulations.		
	<input checked="" type="checkbox"/>	Aluminum beverage cans/containers		
	<input checked="" type="checkbox"/>	Aluminum window frames, chair frames and other aluminum		
	<input checked="" type="checkbox"/>	Cable/wire (indicate whether stripped: <input checked="" type="checkbox"/> stripped <input checked="" type="checkbox"/> unstripped)		
	<input checked="" type="checkbox"/>	Metal shavings, not mixed or coated with cutting oils		
	<input checked="" type="checkbox"/>	Cast iron radiators, boilers and other cast iron components		
	<input checked="" type="checkbox"/>	Motor vehicle parts that have not and do not contain fluids or lubricants. For example, body panels, frames, and tire rims.		
<input checked="" type="checkbox"/>	Other (specify): Lead-acid batteries (as part of auto-salvage)			
(3)	Prohibited wastes (this facility shall not be permitted to receive any of the following types of solid waste):			
	<input checked="" type="checkbox"/>	Asbestos	<input checked="" type="checkbox"/>	Infectious waste
	<input checked="" type="checkbox"/>	Explosives	<input checked="" type="checkbox"/>	Tires
	<input checked="" type="checkbox"/>	Contained gaseous waste		
	<input checked="" type="checkbox"/>	Contaminated soils		
	<input checked="" type="checkbox"/>	Out-of state waste, except for recycling		
	<input checked="" type="checkbox"/>	Parts of motor vehicles that contain or have contained fluids or lubricants, not including lead acid batteries managed in accordance with Env-Hw 809.		
	<input checked="" type="checkbox"/>	Free draining oil or lubricants, including cutting oils mixed with or coating metal shavings.		
	<input checked="" type="checkbox"/>	Municipal solid waste or scrap metal mixed with other municipal solid waste		
	<input checked="" type="checkbox"/>	Scrap metal mixed with other demolition or construction debris		
<input type="checkbox"/>	Other (specify):			
(4)	Identify all allowable processing activities that will be undertaken at this facility:			
	<input checked="" type="checkbox"/>	Sorting (describe): Segregating metals by type.		
	<input checked="" type="checkbox"/>	Cutting (describe): Proposed cement pad to be installed in 2014 for cutting metals into manageable sizes.		
	<input checked="" type="checkbox"/>	Crushing (describe): Auto crushing as a Town-licensed auto salvage yard facility.		
	<input checked="" type="checkbox"/>	Baling (describe): Similar types of metals will be baled as appropriate.		
<input type="checkbox"/>	Smelting (*) (describe): (* Allowed only when done in units not requiring a permit under Env-A 600.			
(5)	Is the facility equipped and staffed properly to allow identification and segregation of scrap metal that contains chlorofluoro carbons (CFC's), polychlorinated biphenyls (PCB's), mercury containing switches and other devices, batteries, and other regulated substances, materials and wastes?			
	<input checked="" type="checkbox"/>	Yes	<input type="checkbox"/>	No (Stop - read caution note below)
	Note: This facility must operate in a manner that manages PCB's, CFC's, mercury-containing switches and other devices, batteries, and all other regulated substances, materials and wastes in accordance with applicable state and federal rules and regulations, either at the facility or by transfer to another facility that provides such proper management. Proceed no further until you are able to answer "Yes" to the above.			

SECTION V. FACILITY CAPACITY

The information provided by answering questions (1)-(2) below shall constitute the approved facility capacity if a permit is issued.

(1)	Average quantity of scrap metal the facility is designed to receive daily: <10 tons per day (*) (* This number shall not to exceed 30 tons per day (TPD), averaged over active life of facility and on average annually
(2)	Maximum quantity of unprocessed scrap metal the facility is designed to store: <10 tons
(3)	Maximum quantity of residual waste the facility shall be authorized to store: 5 cubic yards (*) (* If this number exceeds 30 cubic yards, provide an approved financial assurance plan pursuant to Env-Sw 1400 to guarantee the cost of disposing of the residual waste. Contact the DES financial assurance program coordinator at (603) 271-2925 for assistance. Attach a copy of the plan to this application and mark as "Attachment V (3)".

SECTION VI. NOTICE OF OTHER WASTE MANAGEMENT ACTIVITIES AT SITE

Pursuant to Env-Sw 1105.07(d) and (f), identify all other waste management activities taking place at this location that are not covered by this permit and provide the related authorization for doing so.

Show the location of each of these activities on the site plans prepared pursuant to Section VIII of this form and be certain the activities do not adversely affect the ability to properly manage each of the authorized wastes specified in Section IV of this form.

TYPE OF WASTE MANAGEMENT ACTIVITY (e.g. brush burning; leaf/brush composting; HHW collection, etc.)	AUTHORIZATION: PERMIT # OR OTHER REGULATORY CITE
Small Quantity Haz Waste Generator (Inactive)	EPA ID NHD510196298
AST	Facility #403, NHDES #199711049
Junkyard/Auto Salvage Facility	NH Facility ID #2686 & Town of Tamworth Lic. #2013-001

SECTION VII. FACILITY SITING

The following siting instructions shall apply to this facility. (If the proposed facility does not meet these criteria, a permit-by-notification cannot be issued. However, the facility may be eligible for a "standard permit" pursuant to Env-Sw 314. Contact the P&DRS at (603) 271-2925 to obtain the appropriate forms.

SITE FEATURE (See also footnotes, shown in parentheses, as applicable)	MINIMUM ALLOWABLE SETBACK DISTANCE		ACTUAL SETBACK DISTANCE (Fill in this column to show compliance with the minimum allowable setback distances)
	PROPOSED FACILITIES & UNAUTHORIZED FACILITIES	TEMPORARY PERMIT FACILITIES	
Property lines	50 feet	Maintain existing setback, however, any future expansion of the facility shall be setback at least 50 feet.	WITHIN (see waiver request)
Area for which an easement or right-of-way is granted	Not within, unless specifically allowed by the easement or right-of-way and the grant of the easement or right-of-way does not adversely affect the ability to meet all facility requirements.		NOT WITHIN
100-year flood hazard zone ⁽¹⁾	Not within	If within, protect all waste handling & storage areas from impact by flood/ however, future expansion of the facility shall not occur within the 100-year flood zone.	NOT WITHIN (Attachment VII-A)
Wetlands and surface waters	Any dredging, filling or construction in or adjacent to wetlands or surface waters may require a permit from the DES Wetlands Bureau. If your facility is within 100 ft. of a surface water or wetland, you are advised to contact the Wetlands Bureau at (603) 271-2147 to obtain permitting information.		NOT WITHIN 100 FT OF WETLAND OR SURFACE WATER
Rivers designated under RSA 483 ⁽²⁾	250 feet, measured from normal high water mark, provided that vegetation or other natural barrier is established to minimize visual impact.	Maintain existing setback, however, future expansion of the facility shall not occur within 250 feet of the normal high water mark and screening shall be provided to minimize visual impact.	NOT WITHIN 250 FT OF A RIVER
Shoreland protected under RSA 483-B ⁽³⁾	250 feet, measured from the "reference line"; minimize visual impact using vegetation or other natural barrier.	Maintain existing setback, however, future expansion of the facility shall not occur within 250 feet of the "reference line" and screening shall be provided to minimize visual impact.	NOT WITHIN 250 FT OF A SHORELAND
Areas protected under RSA 482, as pertains to dams and flowage ⁽⁴⁾	Not within	If within, assure that the facility is in compliance with RSA 482.	NOT WITHIN
Public water supply wells ⁽⁵⁾	Not within the sanitary protective radius.		NOT WITHIN
Habitat for threatened or endangered species ⁽⁶⁾	Not within	If within, no further impact or encroachment.	NOT WITHIN (Attachment VII-B)
Other waste management facilities ⁽⁷⁾	Not within area which physically interferes with the proper operation and closure of the other facility.		NOT WITHIN

Is this facility sited on property, which is subject to an on-going DES enforcement action? YES NO

[Note: A proposed facility can not be sited on property that is subject to a DES enforcement action, unless the facility is approved by DES as part of the enforcement action and a copy of the approval is submitted with this application. If "YES", attach the approval and mark as "Attachment VII".]

FOOTNOTES:

- (1) To determine limits of the 100-year flood zone, refer to Federal Emergency Management Agency (FEMA) maps. Contact the Office of Emergency Management at (603) 271-2231 for assistance in locating maps.
- (2) List of designated rivers may be obtained from the Internet at www.state.nh.us/rivers/designriv.htm or by request from the DES-PIC office at (603) 271-2975.
- (3) Contact the DES Shoreland Protection Coordinator at (603) 271-3503 for assistance in identifying protected areas, which include all public fresh water bodies listed in a DES publication titled "Official List of Public Waters in NH". The "reference line" is typically the high water mark, but may vary for some water bodies.
- (4) A facility cannot be sited within the flood control area of a dam (land subject to flowage rights). If the facility is an existing facility and is located within the flood control area of a dam, you must contact the DES Water Division at (603) 271-3406 to assure compliance.
- (5) If within 400 ft. of public water supply well, you are advised to contact the DES Water Supply Engineering Bureau at (603) 271-3503.
- (6) For plant species, contact NH Natural Heritage Inventory at (603) 271-3623. For wildlife species, contact the Fish & Game Dept. at (603) 271-3017.
- (7) Proposed facilities should be located at least 50 feet from the footprint of any existing landfill, which is not yet capped, in order to assure adequate area for future capping and groundwater monitoring wells. In no case may a facility, whether existing or proposed, be located on top of, or within, any landfill.

SECTION VIII. FACILITY DESIGN PLANS & SPECIFICATIONS

Prepare facility design plans and specifications, according to the enumerated instructions below. Attach the plans and specifications to this application and mark as "ATTACHMENT VIII."

- (1) The facility location and design must meet all permitting requirements as provided in:
 - Env-Sw 407.04
 - Env-Sw 1000
 - Env-Sw 1200
 - Env-Sw 403-Env-Sw 406, if operated longer than 90 days
 - Env-Sw 1100, if operated longer than 90 days

- (2) Include the following on each page of the plans and specifications:
 - Date of preparation
 - Facility name and location
 - For a facility holding a temporary permit, the facility permit number

- (3) Be certain the plans and specifications are:
 - Clearly readable
 - Prepared in accordance with standard engineering practices, including dimensions, labels, details and other graphic elements
 - Stamped by a qualified professional engineer, if the facility will operate longer than 90 days or when required by RSA 310-A

- (4) Unless other arrangements are approved in advance pursuant to Env-Sw 1103.05(f), the plans shall:
 - Be prepared at a scale of no less than 1 inch = 50 feet
 - Be presented on paper no larger than 24 inches by 36 inches
 - Show profiles drawn to standard scales with a ratio of 10 horizontal to 1 vertical, such as 40:4 and 50:5
 - Show elevations of the surface to the nearest 0.1 foot
 - Show elevations of the piping, sewer, and manhole inverts to the nearest 0.01 foot
 - Report all elevations in feet and tenths and reference all elevations to a standard datum, which shall be indicated on the plans, based on mean sea level
 - Show contours at a minimum interval of 2 feet on all plan views

- (5) Show all existing site features, including but not necessarily limited to:
 - Property boundaries, rights-of-way, easements, surrounding land use and abutters
 - Access points
 - Above & below ground structures and utilities
 - Surface waters and wetlands
 - Other areas or features protected or restricted by the applicable siting requirements (see Section VII)
 - Topography
 - Other property uses, and/or other waste management facilities or activities situated at the site as identified in Section VI of this form, if any

If the facility and all related operations are wholly contained within an existing building, you may instead submit a plan showing the location of the building.

- (6) Show the facility and all related appurtenances, including:
 - Each of the features specified in Env-Sw 404.03 through Env-Sw 404.05, as applicable
 - The specific storage areas/devices for each type of waste the facility will receive, as identified in Section IV of this form
 - The designated footprint(s) of any on-the-ground stockpiles and the required fire lanes between/around each

- (7) Delineate/dimension all relevant setback distances, as described in Section VII of this form.

SECTION IX. OPERATING PLAN

For a facility having an active life of 90 days or less, skip this section.

For a facility having an active life longer than 90 days, you must prepare an Operating Plan, as specified by the enumerated instructions below. You are not required to submit the plan, but are required to make it available for use by facility operators and for inspection by DES upon request.

- (1) The facility Operating Plan shall provide sufficient detail to allow the certified operator and other trained facility personnel to operate the facility in compliance with RSA 149-M, the permit and the Rules without further explanation or guidance. See Env-Sw 407.04, Env-Sw 405, Env-Sw 1005, Env-Sw 1105, and Env-Sw 1204
 - (2) The Operating Plan shall be prepared as a loose-leaf document to facilitate updating and amendment as specified in Env-Sw 315
 - (3) Each page of the Operating Plan shall bear the date of preparation or last revision, as applicable, and the facility name, location and permit number, if a permit is issued for the facility at the time that the operating plan or a modification thereto is prepared
 - (4) Prepare the Operating Plan according to the content and format requirements set forth in Env-Sw 1105.11
 - (5) Key points to consider when developing your Operating Plan are:
 - (a) Incoming waste must be collected and stored in accordance with Env-Sw 405.02
 - (b) Waste must be inspected prior to acceptance to assure that the facility only receives authorized waste, as described in Section IV of this form
 - (c) Scrap metal containing CFC's, PCB's, mercury-containing switches/devices, etc. must be identified, segregated and managed in accordance with all applicable statutes and rules
 - (d) The facility must be operated in a manner which avoids dust, noise, traffic or other safety problems
 - (e) Residual waste must be managed as described as Env-Sw 407.04(g)
 - (f) Access to the site must be controlled in a manner as to prevent unlawful dumping
 - (6) Always keep your Operating Plan up-to-date
-

SECTION X. CLOSURE PLAN

For a facility having an active life of 90 days or less, skip this section.

For facilities having an active life longer than 90 days, you are required to prepare a Closure Plan, as specified by the enumerated instructions below. You are not required to submit the plan, but are required to make it available for use by facility operators and for inspection by DES upon request.

- (1) The facility Closure Plan shall provide sufficient detail to allow a third party to implement and complete all required facility closure tasks in compliance with RSA 149-M, the permit and the Rules without further explanation or guidance. See Env-Sw 406, Env-Sw 1006, Env-Sw 1106, and Env-Sw 1205.
- (2) The Closure Plan shall be prepared as a loose-leaf document to facilitate updating and amendment as specified in Env-Sw 315.
- (3) Each page of the Closure Plan shall bear the date of preparation or revision, as applicable, and the facility name and permit number.
- (4) Prepare the Closure Plan according to the content and format requirements set forth in Env-Sw 1106.04.
- (5) Key points to consider when developing your Closure Plan are:
 - (a) Closure must be completed within 30 days of the date of last waste receipt or before the expiration date of the permit, whichever is earlier
 - (b) To close the facility, you must remove all waste from the site to an authorized facility, including all residual waste, by-pass waste, and you must otherwise clean/restore the site per Env-Sw 1006.02.
- (6) Always keep your Closure Plan up-to-date.

SECTION XI. CERTIFICATION OF COMPLIANCE

A permit-by-notification shall not be issued to applicants unable to certify compliance with the following statements. If unable to certify that each of the following statements is true, you may instead apply for a "standard permit" pursuant to Env-Sw 314. Contact the P&DRS at (603) 271-2925 for additional information.

COMPLIANCE STATEMENT

The applicant shall certify that each of the statements listed in (1)-(8) below are true for each of the following individuals and entities:

- the applicant, and
- the facility owner, and
- the facility operator, and
- all individuals and entities holding 10% or more of the applicant's debt or equity, and
- all of the applicant's officers, directors, and partners, and
- all individuals and entities having managerial, supervisory or substantial decision making authority and responsibility for the management of facility operations or the activity(s) for which approval is being sought

(1)	No individual or entity listed above has been convicted of or plead guilty or no contest to a felony in any state or federal court during the 5 years before the date of the application				
(2)	No individual or entity listed above has been convicted of or plead guilty or no contest to a misdemeanor for a violation of environmental statutes or rules in any state or federal court during the 5 years before the date of the application				
(3)	No individual or entity listed above has owned or operated any hazardous or solid waste facility which has been the subject of an administrative or judicial enforcement action for a violation of environmental statutes or rules during the 5 years before the date of the application				
(4)	No individual or entity listed above has been the subject of any administrative or judicial enforcement action for a violation of environmental statutes and rules during the 5 years before the date of the application				
(5)	All hazardous and solid waste facilities owned or operated in New Hampshire by any individual or entity listed above are in compliance with either: <table border="1" style="width: 100%;"> <tr> <td>(a)</td> <td>All applicable environmental statutes, rules, and DES permit requirements; or</td> </tr> <tr> <td>(b)</td> <td>A DES approved schedule for achieving compliance therewith</td> </tr> </table>	(a)	All applicable environmental statutes, rules, and DES permit requirements; or	(b)	A DES approved schedule for achieving compliance therewith
(a)	All applicable environmental statutes, rules, and DES permit requirements; or				
(b)	A DES approved schedule for achieving compliance therewith				
(6)	All individuals and entities listed above are in compliance with all civil and criminal penalty provisions of any outstanding consent agreement, settlement, or court order to which DES is a party				
(7)	All individuals and entities listed above have paid, or are in compliance with the payment schedule for any administrative fine assessed by DES				
(8)	All individuals and entities listed above are in compliance with all terms and conditions under every administrative order, court order or settlement agreement relating to programs implemented by DES				

Signature of the applicant certifying the above statements are true:

George Ricker

Applicant Name (Print Clearly or Type)

Applicant Signature

6/12/14
Date

SECTION XII. SIGNATURE REQUIREMENTS

All signatures on all copies filed with DES must be ORIGINAL signatures. Read each of the below statements carefully. These statements shall constitute terms and conditions of any permit issued. Note that the term "facility" as used below refers to operations covered by this permit. It does not refer to operations involving activities identified in Section VI of this form.

Applicant Signature:

The applicant(s) must sign the following statement prior to submitting this application. All copies of the application filed with DES must bear the applicants ORIGINAL signature(s). If the applicant is not an individual, an individual duly authorized by the applicant shall sign the application.

(1)	The applicant/permittee owns the subject facility
(2)	The applicant/permittee shall be in responsible charge of facility construction, operations and closure
(3)	The applicant/permittee has read, understands and shall comply with all requirements for the siting, design, construction, operation and closure of this facility, as provided in Env-Sw 407.04, Env-Sw 1000, Env-Sw 1200 and, for a facility operating longer than 90 days, Env-Sw 403 through Env-Sw 406 and Env-Sw 1100.
(4)	The applicant/permittee shall regularly inspect waste received by this facility and assure that the facility shall NOT accept any of the following under the terms of this permit:
(a)	Waste identified in Section IV (3)
(b)	More than 30 tons of waste per day, averaged over the active life of the facility and on average annually;
(5)	The applicant/permittee shall comply with all applicable statutes and rules for managing wastes received and generated by the facility
(6)	For a facility which is sited where other waste management activities are located, as identified in Section VI of this form, the applicant/permittee hereby certifies that the other activities shall not adversely affect the ability of this facility to operate in accordance with the requirements of this permit
(7)	For a facility having an active life longer than 90 days, at least 50% of the on-site personnel who are directly involved with the management of solid waste shall be operators who have been issued certification in accordance with Env-Sw 1600 and, for every 1 to 5 operators, there shall be at least one supervisor who is certified as a Level III or Level IV operator in accordance with Env-Sw 1600 (see attached)
(8)	For a facility having an active life longer than 90 days, the applicant/permittee has prepared a facility Operating Plan which meets the requirements of Env-Sw 1105.11 and which, pursuant to Env-Sw 1202.02, shall be available for use by the facility operators and for inspection by DES
(9)	For a facility having an active life longer than 90 days, the applicant/permittee has prepared a facility Closure Plan which meets the requirements of Env-Sw 1106.04 and which, pursuant to Env-Sw 1202.02, shall be available for use by the facility operators and for inspection by DES
(10)	The applicant/permittee shall be financially responsible for closing the facility pursuant to the Rules; and shall not accumulate more than 30 cubic yards of residual waste at the facility unless under the terms of a financial assurance plan approved by DES pursuant to Env-Sw 1400
(11)	Facility closure shall be completed within 30 days of the date of last waste receipt or the expiration date of the permit, whichever is earlier;
(12)	The applicant/permittee understands that any permit-by-notification issued to an existing facility shall not be construed in any way as an authorization of any activity which occurred prior to the effective date of the permit; or an authorization of any activity that does not comply with RSA 149-M, the Rules and the permit; or a waiver of any cause of action for violation(s) of RSA 149-M or the Rules
(13)	The applicant/permittee understands that DES may inspect this facility, including during construction, and that non-compliance with the terms and conditions of the permit may result in revocation or suspension of the permit, administrative fine, civil or criminal penalties, and/or administrative orders for corrective action
(14)	The applicant/permittee understands that any approval granted by DES based on false and/or incomplete information shall be subject to revocation or suspension, and that administrative, civil or criminal penalties may also apply
(15)	To the best of my knowledge and belief, the information and material submitted herewith is correct and complete

**NEW HAMPSHIRE DEPARTMENT OF ENVIRONMENTAL SERVICES
CORRESPONDENCE**

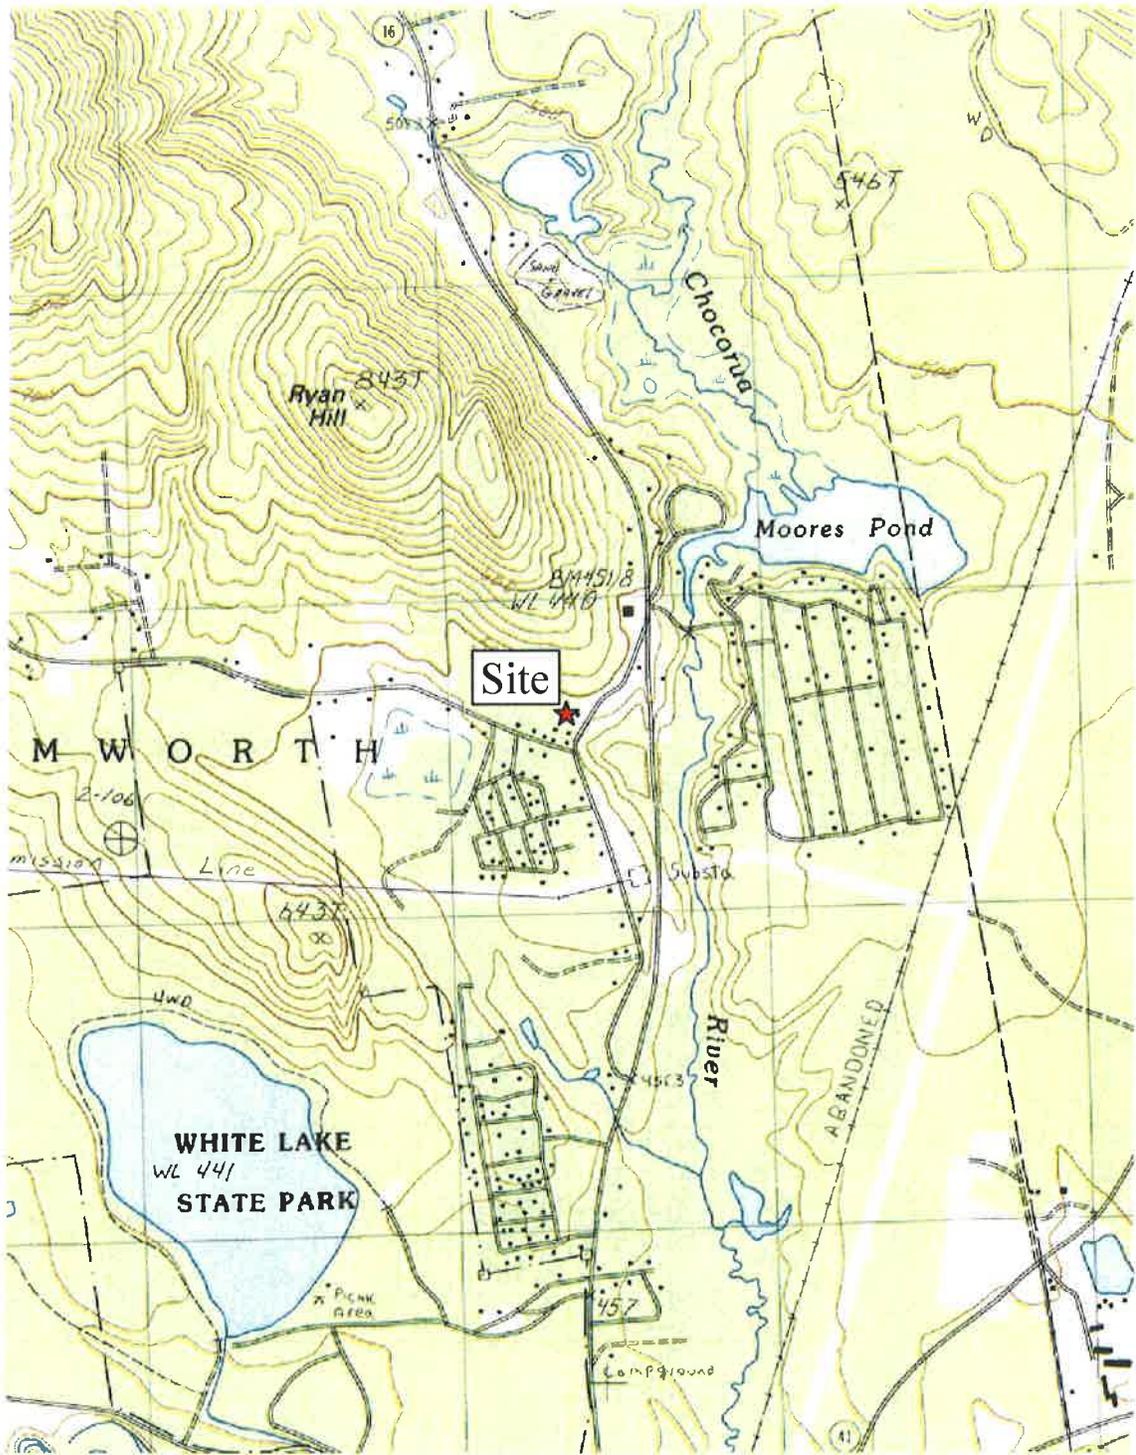

**RICKER AUTO SALVAGE
112 MAPLE ROAD
TAMWORTH, NEW HAMPSHIRE
FACILITY #2686**

During a field-inspection of the Ricker Auto Salvage facility, the NHDES Waste Management Division informed Mr. Ricker of his obligation to prepare a *Permit by Notification for Scrap Metal Collection and Recycling Centers* for the collection of light metal debris; however, a formal letter was not issued by the NHDES.

In accordance with telephone conversation between GeoInsight, Inc. and Mr. Wayne Wheeler from the NHDES on March 20, 2014, a formal letter is not required for the above-referenced facility to submit this permit.

Manchester, NH 03101

Date: 3/13/2014

From: NH Natural Heritage Bureau

Re: Review by NH Natural Heritage Bureau of request dated 3/13/2014

NHB File ID: NHB14-0978

Applicant: George Ricker

Location: Tax Map(s)/Lot(s): Map 215, Lot 36
Tamworth

Project Description: Permit by Notification for Scrap Metal Collection and
Recycling Centers (existing facility)

The NH Natural Heritage database has been checked for records of rare species and exemplary natural communities near the area mapped below. The species considered include those listed as Threatened or Endangered by either the state of New Hampshire or the federal government. We currently have no recorded occurrences for sensitive species near this project area.

A negative result (no record in our database) does not mean that a sensitive species is not present. Our data can only tell you of known occurrences, based on information gathered by qualified biologists and reported to our office. However, many areas have never been surveyed, or have only been surveyed for certain species. An on-site survey would provide better information on what species and communities are indeed present.

This report is valid through 3/12/2015.

CERTIFICATION

Be it known that:

GEORGE A RICKER

is hereby granted certification # 004051 pursuant to
RSA 149-M and the NH Solid Waste Rules as a

Level 3 Solid Waste Facility Operator

and is authorized accordingly to work at
New Hampshire solid waste facilities.

This certification expires on 3/6/2015.

A handwritten signature in black ink, appearing to read "Michael J. Wimsatt".

Michael J. Wimsatt, Director
Waste Management Division

Waste Management Division

APPLICATION FOR WAIVER

pursuant to
the provisions of Part Env-Sw 202 of the New Hampshire Solid Waste Rules

APPLICATION FILING AND PROCESSING INSTRUCTIONS

- (1) Complete this form by providing all of the information requested. If you need more space than provided on the form to answer a particular question and you are using a paper copy of this form, attach additional pages as necessary; mark each page clearly to show both the applicant name and the question being answered; and indicate on the form that the additional pages are attached
- (2) Submit **THREE** copies of the completed application form, **EACH bearing ORIGINAL signatures**, to the following address:

**New Hampshire Department of Environmental Services (DES)
Waste Management Division (WMD)
Permitting & Design Review Section (P&DRS)
29 Hazen Drive, PO Box 95
Concord, NH 03302-0095**
- (3) All references on this form that begin with "Env-Sw" are citations from the New Hampshire Solid Waste Rules. You may obtain a copy of the Rules from the DES Public Information and Permitting Office at (603) 271-2975. The Rules are also available on the Internet at <http://www.des.nh.gov>.
- (4) DES will process your application in conformance with Env-Sw 202, Env-Sw 304 and Env-Sw 305.
- (5) For further assistance with completing this form, contact the DES Permitting & Design Review Section (P&DRS) at (603) 271-2925 or at the above noted mailing address.
- (6) You may also contact DES at TDD Access: Relay NH 1 (800) 735-2964.

SECTION I. APPLICANT IDENTIFICATION

(1)	Name: Ricker Auto Salvage			
(2)	Mailing address: 112 Maple Road Tamworth, NH			
(3)	Telephone number: , 603-323-7363			
(4)	If different than above, identify the individual associated with and designated by the applicant to be the contact individual for matters concerning this application:			
	(a)	Name: George Ricker	(b)	Title: owner/operator
	(c)	Mailing address: 112 Maple Road Tamworth, NH		
	(d)	Telephone number: 603-323-7363	(e)	E-mail: armetals22@gmail.com
(5)	If the applicant is an individual, provide date of birth and go to Section II: 3/1/.61			
(6)	If the applicant is a corporation, partnership or other association, provide the following information as specified:			
	(a)	The facility is owned by a: <input type="checkbox"/> corporation <input type="checkbox"/> partnership <input type="checkbox"/> other association		
	(b)	State of incorporation/formation:		
	(c)	Principal business address:		
	(d)	Provide on separate paper and attach/mark as "Attachment I(6)(c)," the names and addresses of all directors, officers and shareholders (*), if for a corporation; all partners (whether general or limited), if for a partnership; or all principals, members or participants, if for another type of association.		
		(*) For a privately held corporation, identify all shareholders. For a publicly traded corporation, identify all shareholders owning 10% or more of the corporation's equity or debt.		

SECTION II. FACILITY OR ACTIVITY TO WHICH THIS REQUEST RELATES

Identify the particular facility or activity to which this application for waiver relates.

(1)	Related activity [check that which applies]:		
	<input type="checkbox"/>	Application for a Standard Permit	<input checked="" type="checkbox"/> Application for a Permit-by-Notification
	<input type="checkbox"/>	Application for an Emergency Permit	<input type="checkbox"/> Application for Research & Development Permit
	<input type="checkbox"/>	Application to certify a waste-derived product for distribution and use	<input type="checkbox"/> Application for Operator Certification
	<input type="checkbox"/>	Application to modify a permit (specify the permit number): DES-SW- - -	
	<input type="checkbox"/>	Other (specify):	
(2)	If the requested waiver relates to a particular application, provide the date the application was/will be submitted to DES: June 2014		
(3)	If the requested waiver relates to a particular facility, provide the facility name and location in the space below. (Note: For a waiver relating to a particular facility, you must also notice the host municipality, host solid waste district and, in some instances, the abutters, as specified by Section IV of this form).		
	(a)	Facility name: Ricker Auto Salvage	
	(b)	Street address: 112 Maple Road	
	(c)	Town/City: Tamworth, NH	

SECTION III. SPECIFIC RULE(S) FOR WHICH A WAIVER IS SOUGHT

Below, identify the specific solid waste rule(s) that you wish to have waived. Give the complete "Env-Sw" citation(s).

Env-Sw 1203.01(b)

SECTION IV. NOTICE OF FILING REQUIREMENTS

- (1) If this application for waiver relates to a particular facility, you must send by certified mail, or deliver in hand, a complete copy of this application and a "notice of filing" to the host municipality, host solid waste management district and other affected entities, as specified by Env-Sw 303. To identify the host solid waste management district, contact the host town/city office or the P&DRS at (603) 271-2925.
- (2) In addition, if this application for waiver is to reduce the required setback distance to any residence or property line, a notice of filing must be provided to the affected property owner(s) as specified in Env-Sw 303.
- (3) A copy of the required notice(s) of filing and proof of receipt [i.e., signature(s) of the recipient(s) acknowledging receipt] must be attached to and submitted with this application for waiver, unless you are combining the notice of filing with the notice requirements for a related permit application as indicated by item (4) below.
- (4) If this application for waiver is being submitted as part of an application for a facility permit or permit modification, the required notice(s) of filing may be combined with the notice(s) of filing prepared for the permit application/permit modification application itself. If so, check here:
- (5) For assistance with preparing the required notice of filing, please refer to either Env-Sw 303 or "A Guide for Preparing Notices of Filing." If the guide is not included with this application form, you may obtain a copy from the P&DRS at (603) 271-2925.

SECTION V. REASON FOR REQUESTING WAIVER

Explain why a waiver is being requested, including an explanation of the hardship that would be caused by having to comply with the rule. Use extra paper as necessary.

location of aluminum storage area, scale, and existing 35 x 60' garage currently located at the facility are within the 50-foot setback to the southern residential abutter

SECTION VI. PROPOSED ALTERNATE PROCEDURE, METHOD OR ACTIVITY

Provide a full explanation of any alternate procedure, method, or other activity that you propose to substitute for the procedure, method or activity you wish to have waived. Include written documentation and/or data to support the proposed alternative. Use extra paper as necessary.

--

SECTION VII. DURATION OF WAIVER

Specify the proposed duration for the requested waiver. If you are seeking a "permanent" waiver, including one that would expire when the facility to which it relates may close, so state and provide the desired starting date.

Proposed effective/starting date: immediately
Proposed expiration date: <input type="checkbox"/> OR <input checked="" type="checkbox"/> I am seeking a "permanent" waiver

SECTION VIII. DEMONSTRATION OF CRITERIA

Provide a full explanation of why you believe that having the waiver granted will meet the below listed criteria. [Note: Economic, technological, practical application and safety issues shall be considered in evaluating a demonstration of the criteria; however, the merits of the application shall not be weighed solely on the basis of cost].

Criteria for Waiver, pursuant to Env-Sw 202.04:

- (a) Exemption from complying with the rule shall:
 1. Not result in an adverse effect to the environment or natural resources of the state, public health or to public safety.
 2. Not result in an impact on abutting properties that is more significant than that which would result from complying with the rule.
 3. Be in keeping with the intent and purpose of the rule being waived.
- (b) One or more of the following conditions shall be satisfied:
 1. Strict compliance with the rule will result in an adverse effect on the environment, public health or safety; AND/OR
 2. Strict compliance with the rule will result in a circumvention of the goals and objectives of the state's solid waste management program, as specified in RSA 149-M:1 through 3 and the state solid waste management plan; AND/OR
 3. Strict compliance with the standard will provide no benefit to the public and will cause an operational or economic hardship to the applicant.

Use the space below to provide your demonstration. Use extra paper as necessary.

The facility has been operational for a number of years with access to the various salvage areas on the interior of the property provided from a single entrance on Maple Road. The developed portion of the 22 acre facility is concentrated in the southeast corner of the property with shared property boundaries associated with residential abutters along Turkey Street. The aluminum storage area and scale locations specifically were cited as to be readily accessible by the operator, haulers, or public drop off. Some vegetative screening exists along the property boundary shielding the view of these items from the abutting parcel. The location of the noted infrastructure <50 from the property line does not adversely affect public health or the environment. Strict compliance with the setback standard would require significant alteration to the facility layout.

SECTION IX. CERTIFICATION OF COMPLIANCE/COMPLIANCE REPORT

If you are able to certify that each of the following statements is true, do so by your signature. If you are unable to certify that each of the following statements is true, you must prepare a separate Compliance Report as specified by Env-Sw 303.15.

COMPLIANCE STATEMENT	
The applicant shall certify that each of the statements listed in (1)-(8) below are true for each of the following individuals and entities:	
<input checked="" type="checkbox"/> the applicant, and <input checked="" type="checkbox"/> the facility owner, and <input checked="" type="checkbox"/> the facility operator, and <input checked="" type="checkbox"/> all individuals and entities holding 10% or more of the applicant's debt or equity, and <input checked="" type="checkbox"/> all of the applicant's officers, directors, and partners, and <input checked="" type="checkbox"/> all individuals and entities having managerial, supervisory or substantial decision making authority and responsibility for the management of facility operations or the activity(s) for which approval is being sought	
(1)	No individual or entity listed above has been convicted of or plead guilty or no contest to a felony in any state or federal court during the 5 years before the date of the application.
(2)	No individual or entity listed above has been convicted of or plead guilty or no contest to a misdemeanor for a violation of environmental statutes or rules in any state or federal court during the 5 years before the date of the application.
(3)	No individual or entity listed above has owned or operated any hazardous or solid waste facility which has been the subject of an administrative or judicial enforcement action for a violation of environmental statutes or rules during the 5 years before the date of the application.
(4)	No individual or entity listed above has been the subject of any administrative or judicial enforcement action for a violation of environmental statutes and rules during the 5 years before the date of the application.
(5)	All hazardous and solid waste facilities owned or operated in New Hampshire by any individual or entity listed above are in compliance with either.

(a)	All applicable environmental statutes, rules, and DES permit requirements.
(b)	A DES approved schedule for achieving compliance therewith.
(6)	All individuals and entities listed above are in compliance with all civil and criminal penalty provisions of any outstanding consent agreement, settlement, or court order to which DES is a party.
(7)	All individuals and entities listed above have paid, or are in compliance with the payment schedule for any administrative fine assessed by DES.
(8)	All individuals and entities listed above are in compliance with all terms and conditions under every administrative order, court order or settlement agreement relating to programs implemented by DES.

Signature of the applicant certifying the above statements are true:

Applicant Name (Print Clearly or Type) George Ricker

Applicant Signature *George Ricker*

Date 6/12/14

OR

Circle the untrue statement(s) and attach a Compliance Report, pursuant to Env-Sw 303.15

SECTION X. APPLICANT SIGNATURE REQUIREMENTS

The applicant must sign the following statement prior to submitting this application. All copies of the application filed with DES must bear the applicant's original signature. If the applicant is not an individual, an individual duly authorized by the applicant shall sign the application.

To the best of my knowledge and belief, the information and material submitted herewith is correct and complete. I understand that any approval granted by DES based on false and/or incomplete information shall be subject to revocation or suspension, and that administrative, civil or criminal penalties may also apply.

Applicant Name (Print Clearly or Type) George Ricker

Applicant Signature *George Ricker*

Date 6/12/14

SECTION XI. PROPERTY OWNER SIGNATURE

For applications relating a specific facility or activity, sited or to be sited on property not owned by the applicant, the property owner must also sign this form as follows. All copies of the application filed with DES must bear the property owner's ORIGINAL signature. If the property owner is not an individual, an individual duly authorized by the property owner shall sign the application.

- (1) I hereby affirm that the applicant has, or shall be granted, the legal right to occupy and use the property on which the subject facility is or will be located for the purposes specified in this application.
- (2) I hereby affirm that I shall grant access to the property for closure and post-closure monitoring of the subject facility and site as required by RSA 149-M and the New Hampshire Solid Waste Rules (Env-Sw 100-300 and Env-Sw 400-2000), as amended.
