

The

NEW HAMPSHIRE DEPARTMENT OF ENVIRONMENTAL SERVICES

hereby issues

LARGE GROUNDWATER WITHDRAWAL PERMIT

NO. LGWP-2002-0002

to the permittee

PEMBROKE WATER WORKS

for the withdrawal of the following volumes of groundwater from one well:

Bear Brook Well No. 3 – 432,000 gallons over any 24-hour period

located at Bear Brook State Park, Allenstown, New Hampshire.

TO: NORMAND PROVENCHER  
PEMBROKE WATER WORKS  
212 MAIN STREET  
PEMBROKE, NEW HAMPSHIRE 03275-1299

Date of Issuance: August 9, 2002  
Date of Expiration: August 9, 2012

Pursuant to authority in N.H. RSA 485-C:21, the New Hampshire Department of Environmental Services (Department), hereby grants this permit to withdraw groundwater from Bear Brook Well No. 3, subject to the following conditions:

1. The permittee shall comply with the requirements of Env-Ws 388 at all times.
2. The permittee shall allow any authorized member of the Department's staff, or its agent, to enter the property covered by this permit for the purpose of collecting information, examining records, collecting water level measurements, or undertaking other action associated with this permit.
3. Sanitary Protective Area
  - a. The Sanitary Protective Area shall be maintained according to the Water Well Easement and Management Agreement (Easement), dated August 1, 2000, between the Department of Resources & Economic Development (DRED) and Pembroke Water Works (PWW) and conditions contained in the letter from George Bald, Commissioner of DRED, to Norman Provencher, PWW, dated July 1, 2002.
4. Mitigation Requirements
  - a. In the event that anticipated or unanticipated adverse impacts occur, the permittee shall comply with the requirements of Env-Ws 388.
  - b. The permittee will be required to notify the Department of any adverse impact within 12-hours of receiving such information. Furthermore, the permittee shall provide potable water for drinking and cooking purposes to a well owner that the Department has determined to be adversely impacted by the permittee within 12 hours of being notified of an occurrence of an adverse impact, and potable water for other domestic uses within 36 hours of being notified of an adverse impact (e.g., lower well pump, drill a new well, or truck bulk water to the property).
5. The permittee shall become a Registered Water User and maintain the water use reporting requirements of Env-Wr 700 at all times.
6. The permittee shall apply for renewal of this permit at least 90 days prior to its expiration date. The permittee shall continue to comply with all conditions in this permit until the permit is renewed or the facility is closed in accordance with all applicable requirements, regardless of whether a renewal application is filed.

Harry T. Stewart, P.E.,  
Director Water Division

Any person aggrieved by any terms or conditions of this permit may appeal in accordance with RSA 541 within 30 days.
